WORK EXPERIENCE

Frontend Developer (3 Month - Intern)

HiSkyTech | Sargodha, Pakistan

- Built **4+ responsive web applications** using React, Redux Toolkit, Zustand, and Tailwind CSS.
- Developed **15+ reusable UI components**, improving code maintainability and development speed.
- Integrated **Firebase Authentication, Firestore, and Realtime Database** in **3+ projects** to support real-time features and user management.
- Connected **10+ RESTful API endpoints** for dynamic data fetching and seamless backend communication.
- Improved application performance by **15–20%** through lazy loading, code splitting, and optimized state management.
- Collaborated with developers and designers to deliver **3+ production-ready projects** with responsive and user-friendly interfaces.

Frontend Developer (2 Month - Remote Intern)

Appverse Technology | Lahore, Pakistan

- Created and maintained **3+ modern web applications** using React.js and Tailwind CSS.
- Developed **10+ reusable and responsive UI components** to ensure a consistent user experience across devices.
- Implemented **Firebase Authentication, Firestore, and Realtime Database** in **3+ projects** to support secure authentication and real-time functionality.
- Integrated **8+ REST API endpoints** to facilitate efficient data exchange between frontend and backend systems.
- Enhanced application performance by **25–30%** through lazy loading, code optimization, and modular component design.
- Worked closely with cross-functional teams on **3+ projects to deliver** intuitive and high-quality user experiences.

EDUCATION

University of Sargodha

BS Information Technology – CGPA: 3.78/4

2024 - (In Progress)

FSC (Pre-Med)

Marks: 906/1100

2021- 23

Matric (Science)

Marks: 1056/1100

2019 - 21

PROJECTS

Portfolio Website (React + Redux Toolkit + Tailwind CSS)

- Designed and developed a **modern, responsive portfolio website** to showcase projects and skills.

- Utilized **React components** and **Redux Toolkit** for data flow and state control.
- Implemented **Framer Motion** for clean animations and transitions.

E-Commerce Web App *(React + Firebase + Redux Toolkit)*

- Created a **basic e-commerce platform** featuring product listing, cart management, and checkout flow.
- Integrated **Firebase Firestore** for product and order data.
- Added **user authentication** with Firebase Auth and secure routing using React Router.
- Managed application state with **Redux Toolkit**.

Streamify *(MERN Stack Real-Time Video & Chat Application)*

- Developed a full-stack web application using **MongoDB, Express.js, React, and Node.js (MERN)**.
- Implemented **secure authentication** using **JWT, bcrypt, and cookies**.
- Integrated **real-time chat and video calling** using **Stream Chat API** and **@stream-io/video-react-sdk**.
- Designed and consumed **RESTful APIs** with **Axios** for client-server communication.
- Built a responsive UI using **React, Tailwind CSS, and Vite**.
- Managed server state with **React Query** and global state using **Zustand**.
- Improved user experience with **toast notifications** and dynamic UI components.
- Ensured backend scalability using **Express.js, MongoDB (Mongoose), CORS, and environment variables (dotenv)**.
- Followed best practices with **ESLint** and used **Nodemon** for efficient development.

Cryptoplace *(React + API Integration)*

- Developed a **crypto dashboard web app** to track **real-time cryptocurrency prices** using public APIs.
- Implemented **search, filtering, and live updates** for user convenience.
- Used **Axios** for API calls and **Chart.js/Recharts** for data visualization.
- Focused on responsive design and smooth UI performance with React hooks.

SKILLS

Languages: C++, JavaScript, Kotlin, Basic Python

Frameworks & Libraries: React, Express, Node, React Native, Redux Toolkit, Zustand

Database: Firebase, Mongodb, SQL (MY SQL)

Backend & Services: Firebase (Auth, Firestore, Realtime DB), Node.js

Tools: VSCode, Git and Github, Stitch Ai, Lovable Ai

Licenses & Certifications

Meta Front-End Developer Specialization 

Certified Web Professional - Web Developer (CWP) 

Completion Certificate - Backend Developer
